Commissioner for Patents  
P. O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

Please find enclosed two copies of the computer program listing appendix for the patent application "Method for evaluating and recommending digital image print size with ordering and overlapped file upload" of Robert L. Shuler, Jr. These files are in MS Windows format:

wizard.htm	created 1/25/2004, 3256 bytes
wizardf.htm	created 1/25/2004, 23220 bytes
wizardb.htm	created 1/25/2004, 426 bytes
printorder.htm	created 1/25/2004, 33782 bytes
printorder.cgi	created 1/25/2004, 24899 bytes
printupd.cgi	created 1/25/2004, 19576 bytes
mcp_dscan.cgi	created 1/25/2004, 70411 bytes
mcp_report.cgi	created 1/25/2004, 57068 bytes
mcp_reports.htm	created 1/25/2004, 7349 bytes

Instructions for maintenance and use of the files are as follows. The first three "wizard\*.htm" files can be run from a local disk in a standard web browser, such as MSIE 6.0 with Javascript enabled, to perform an image evaluation as described in the specification. Use of the remaining files for placing an order and maintaining an order database would require the "\*.cgi" files be loaded into a script folder on a web server, and URL's within the files adjusted accordingly. A subscription to a payment gateway would be required, and the order form and script would have to be adjusted to the particulars of the service subscribed. Such use is not necessary for understanding of the specification. The relevant parts of the files can be easily understood by anyone of ordinary skill in the art of web programming.

The inclusion of these files is only for the purpose of example, and to fully meet all disclosure requirements. The detailed description, without the files, is sufficient basis for anyone of ordinary skill in the art of web programming to create an embodiment of the invention. The specification is intended to cover such alternatives, modifications, and equivalents as may be included within the spirit and scope of the invention as defined by the appended claims.

Sincerely yours,
